- The 2015 Midwest Business Administration Association International Conference (MBAA); Chicago, IL, March 25-27.
  - o Presenting Papers:

    Buck, T. & Revoir, R. *Play the good game: A review of a values & ethics game simulation initiative.*

    This paper reviews the planning and implementation process of a Values & Ethics Game Simulation Initiative. Developed by the authors, this project is intended to cultivate serious games that further the mission and the ethical leadership themes of the College of St. Scholastica's School of Business and Technology. With the goal of creating a values learning environment that can be adopted across the curricula in various schools and departments at the college, the games explore pressing issues of our times through new simulation models and systems for digital education created around content suggested collaboratively by Scholastica students, faculty, community leaders, and the Sandbulte Center for Ethical Leadership.

    Revoir, R. & Buck, T. Richard L. *Revising a business ethics course, what should be taught?*

    This paper explores the process the authors went through as they revised an undergraduate business ethics course that is taught face to face and on-line. The course is offered face to face in a traditional 16 week format and online in an accelerated format. Discussion topics include: assigned readings, online

discussion topics and assignments. Authors will provide examples of assignments.

- The 2015 Midwest Instruction and Computing Symposium (MICS); Grand Forks, ND, April 10-11.
  - Presenting Paper:

    Buck, T. *Redefining Computer Information Systems (CIS) programs: A Survey of Ten Current College Programs and a Review of the Shifts in Accreditation Requirements.*

- The International Society for Technology in Education (ISTE), 2015 Annual Meeting; Philadelphia, PA, June 28-July 1.
  - Attending
